The Miracle Revolution, by Mark Landau, is a remarkably different, remarkably sensual, science fiction exploration of healing our modern world.

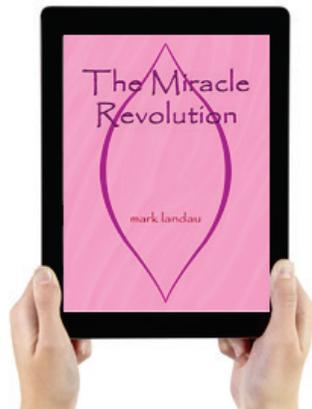

For Immediate Release – (Port Saint Lucie, Fl. –November 28th, 2016) Mark Landau’s ***The Miracle Revolution*** is an erotic, spiritual, healing, adventure, save-the-world, space opera, fantasy novel that will shock and delight you. *Fifty Shades of Grey* meets *Lord of the Rings* meets *Wonder Woman* meets the *Rapture*. Beware. It’s genre bending, boundary breaking, mostly nonviolent and contains sporadic super-kink, graphic super-sex and some deep, true, special, precious, honest-to-God wisdom.

“This is a book like no other I can remember reading... It is an entertaining, erotic, spiritual, rollicking good time of a simple sci-fi story that will probably provoke you, turn you on (or off) and possibly, if you let it, gently remind you of values long since buried in the cynicism of the 21st century western world. *The Miracle Revolution* is a fantasy about healing the world and the realization of dreams that western societies have long since abandoned or never even dreamed. And it is a love story.”
~Bruce MacLaren

5.0 out of 5 stars *This book is astonishing in several ways and contains gifts few initially appreciate. Dive in and, perhaps, take an evolutionary leap forward.* ~ Shannon White
